PPL Capital Funding also announced an increase to the combined aggregate purchase price of the Maximum Tender Offer Notes that it intends to purchase in the Maximum Tender Offers from the previously announced amount of \$1,000,000,000 to an amount sufficient to purchase all of the Maximum Tender Offer Notes tendered with Acceptance Priority Levels 1 through 4 as set forth in the second table below that were validly tendered and not validly withdrawn on or before the Early Tender Date (as so amended, the “Aggregate Maximum Purchase Price”). No Maximum Tender Offer Notes with Acceptance Priority Level 5 as set forth in the second table below will be accepted. \$2,285,529,000 in combined aggregate principal amount of Securities were validly tendered and not validly withdrawn prior to or at 5:00 p.m., New York City time, on June 28, 2021, the early tender deadline for the Tender Offers (the “Early Tender Date”). The terms of the Tender Offers are described in the Offer to Purchase, dated June 14, 2021, as amended by the press release dated June 23, 2021 (the “Offer to Purchase”).

The following tables set forth certain information regarding the Securities and the Tender Offers, including the aggregate principal amount of each series of Securities that were validly tendered and not validly withdrawn prior to or at the Early Tender Date, as were reported by D.F. King & Co., Inc., the tender agent:

(1) All references to the aggregate purchase price for the Maximum Tender Offer Notes include the applicable Total Consideration or Tender Offer Consideration (each as defined below) and exclude applicable accrued interest and fees and expenses related to the Tender Offers. PPL Capital Funding will purchase an aggregate principal amount of Maximum Tender Offer Notes having an aggregate purchase price up to the Aggregate Maximum Purchase Price and subject to the Acceptance Priority Level as set forth in the table above. PPL Capital Funding reserves the right, but is under no obligation, to increase the Aggregate Maximum Purchase Price at any time, including on or after the applicable price determination date, subject to applicable law, which could result in PPL Capital Funding purchasing an aggregate principal amount of Maximum Tender Offer Notes having a greater aggregate purchase price in the Maximum Tender Offers above the applicable sublimit set forth herein.

* Denotes a series of Securities for which the Total Consideration and the Tender Offer Consideration will be determined taking into account the par call date, instead of the maturity date, of such Securities in accordance with standard market practice.

Subject to the Aggregate Maximum Purchase Price, all Maximum Tender Offer Notes validly tendered and not validly withdrawn on or before the Early Tender Date having a higher Acceptance Priority Level (as shown in the second table above, with 1 being the highest) will be accepted for purchase before any tendered Maximum Tender Offer Notes having a lower Acceptance Priority Level (with 5 being the lowest). Maximum Tender Offer Notes of a series will be subject to proration, as described in the Offer to Purchase, if the aggregate principal amount of the notes of such series validly tendered and not properly withdrawn would cause the Aggregate Maximum Purchase Price to be exceeded. Because the aggregate principal amount of Maximum Tender Offer Notes validly tendered and not validly withdrawn on or before the Early Tender Date exceeded the Aggregate Maximum Purchase Price, Holders who validly tendered Maximum Tender Offer Notes with Acceptance Priority Levels 1 through 4 on or before the Early Tender Date will have their Securities accepted for purchase, but no other Maximum Tender Offer Notes will be accepted for purchase after the Early Tender Date.

PPL Capital Funding's obligation to accept for purchase and to pay for the Securities validly tendered and not validly withdrawn pursuant to the Tender Offers is subject to the satisfaction or waiver, in PPL Capital Funding's discretion, of certain conditions, which are more fully described in the Offer to Purchase.

The consideration paid in each Tender Offer for each series of Securities that are validly tendered and not validly withdrawn and accepted for purchase will be determined in the manner described in the Offer to Purchase by reference to the applicable fixed spread for such Securities plus the applicable yield to maturity of the applicable U.S. Treasury Reference Security specified in the table above and in the Offer to Purchase (the "Total Consideration"). Holders of Securities that are validly tendered and not withdrawn prior to or at the Early Tender Date and accepted for purchase are eligible to receive the applicable Total Consideration, which includes an early tender premium of \$30.00 per \$1,000 principal amount of the Securities accepted for purchase (the "Early Tender Payment").

The Total Consideration will be determined at 10:00 a.m., New York City time, on June 29, 2021 (the "Price Determination Date"), unless extended. PPL Capital Funding will issue a press release after the Total Consideration is determined to announce the Total Consideration payable in connection with the Tender Offers.

Payment for Securities purchased will include accrued and unpaid interest from and including the last interest payment date applicable to the relevant series of Securities up to, but not including, the applicable settlement date for such Securities accepted for purchase. The settlement date for the Securities accepted for purchase in connection with the Early Tender Date is expected to be June 30, 2021, the second business day after the applicable Early Tender Date. In accordance with the terms of the Tender Offers, the withdrawal deadline was

5:00 p.m., New York City time, on June 28, 2021. As a result, tendered Securities may no longer be withdrawn, except in certain limited circumstances where additional withdrawal rights are required by law (as determined by PPL Capital Funding).
