### **Strengthening our commitment to a clean energy future**

Across our PPL family of companies, we're investing in grid modernization to strengthen grid reliability and resiliency for our customers and advancing a cleaner energy future without compromising on affordability.

## **PPL engineers improve safety, operations through creativity and innovation**

PPL Electric Utilities has gained three patents for novel solutions that have improved safety and operations.

## **“Cover to Cover” adding opportunity to every child’s story**

The PPL Foundation’s Cover-to- Cover program provides new books to children in grades K-3 throughout the communities we serve in Pennsylvania in the hopes of encouraging summer reading to prevent a lapse in learning.
