

# **PPL Continues Hunting Restrictions at Holtwood Preserve**

PPL Generation

No-hunting restrictions around the Holtwood hydroelectric plant will remain in effect for the duration of the 2013-14 hunting season due to ongoing construction work around the facility.

"We appreciate the public's understanding and adherence to these restrictions, which are meant to keep both hunters and construction workers safe," said John M. Levitski, regional affairs director for the Lancaster area.

PPL Corporation, with 2012 revenues of more than \$12 billion, is one of the largest companies in the U.S. utility sector. The PPL family of companies delivers electricity and natural gas to about 10 million customers in the United States and the United Kingdom, owns more than 18,000 megawatts of generating capacity in the United States and sells energy in key U.S. markets. More information is available at [www.pplweb.com](http://www.pplweb.com).
