

# PPL EnergyPlus to Provide Electricity Supply to Federal Government Facilities

PPL EnergyPlus®, the competitive energy marketing subsidiary of PPL Corporation, has been awarded a three-year contract to provide electricity supply to 13 federal government facilities in eastern and central Pennsylvania.

“This contract continues the solid relationship we have established with the General Services Administration as a competitively priced energy supplier for federal facilities in Pennsylvania,” said Joel Cook, vice president of Retail Marketing and Western Trading for PPL EnergyPlus.

In 2013, PPL EnergyPlus was awarded a contract by the GSA for electricity supply to 20 federal government facilities across Pennsylvania. The new contract is for facilities in the area served by PPL Electric Utilities.

Under the new contract, PPL EnergyPlus will provide about 65 million kilowatt-hours of competitively priced electricity supply, 10 percent of which will be from renewable resources. The federal facilities to be served include federal prisons, hospitals and office buildings.

The GSA oversees the business of the federal government. Its acquisition solutions supply federal purchasers with cost-effective, high-quality products and services from commercial vendors. The GSA provides workplaces for federal employees and oversees the preservation of historic federal properties.

PPL EnergyPlus is a subsidiary of PPL Corporation, a Pennsylvania-based FORTUNE 500® corporation with more than 90 years of experience in the energy business. PPL EnergyPlus buys and sells energy commodities and structured products in competitive wholesale markets. Backed by the diverse power generation and natural gas supply portfolio provided by its affiliates, PPL EnergyPlus is well-positioned to provide customers comprehensive energy solutions. PPL EnergyPlus offers electricity, natural gas, renewable energy, and other products and services to commercial, industrial, and institutional customers. The company also offers electricity supply to residential customers in select markets. PPL EnergyPlus Retail, an affiliate of PPL EnergyPlus, offers petroleum products to large commercial and industrial customers.
